New Business: none

Old Business: Proposal to add special event wording to 4.2.3 was discussed. Christina reviewed with Selectmen Jerry Miller who suggested that Planning Board review by-law 4.1.3, as this may already cover the issue that Planning Board is discussing. The board reviewed the language further and discussed options of leaving language as is, making addition discussed at earlier meetings, or completing rewriting the language to be more comprehensive. The group then discussed the benefits of keeping by-laws simple and clear. Holly is willing to research what other towns do to address this issue.

The board discussed the filing system again. The group agreed that we need to find out regulations for how many years materials need to be kept. Discussed and questioned the possibility of moving to electronic filing.

Meeting Adjourned at 7:45pm.

Our next meeting will be February 17, 2016

Respectfully submitted, April Slater Roche
